Eleven Fifty Academy
Fishers, IN | 2019

SKILLS

- JavaScript
- TypeScript
- HTML/CSS
- React
- Vue
- Angular
- Unreal Engine 4/5
- Unit testing
- SQL
- Git
- JIRA
- Agile

PROFILE

Passionate web developer with multiple years of experience working with a variety of JavaScript frameworks such as React, Vue, and Angular. Creative problem solver and team focused with the ability to multitask in a very diverse environment. Quick to adapt and excel in new roles.

EXPERIENCE

ASSOCIATE CONSULTANT

RURAL SOURCING INC | FORT WAYNE, IN | 2020 - 2022

Developed frontend web applications and provided consultation services for several different clients using a variety of different tech stacks and frameworks. Each assignment used Agile and JIRA for project management.

- Kasasa De-Flashing Project: Worked together with Kasasa and the RSI De-Flashing team to develop new web applications in Vue.js to replace their existing Flash-based tools used internally for banking applications.
- WPS Health Solutions Modernization Project: Worked alongside the RSI modernization team to build a new application in React from the ground up to replace their existing website.
- Terminus Project: Provided database administration services to customers of Terminus' cloud services using SQL.
